Do you have a history of any of the following (please circle those applicable):

heart, kidney, liver or eye disease, diabetes, high blood pressure or bleeding problems

Are you pregnant or planning a pregnancy?

Do you have a hearing aid or pacemaker?

patient referral

The Skin & Cancer Foundation Inc is a not-for-profit organisation which provides specialist treatment for a wide variety of skin disorders.

clinics

Our clinics address a range of skin disorders including: hair, nail, oral mucosal, psoriasis, eczema, patch testing for contact / occupational dermatitis and skin cancer management.

Our non-surgical treatments include radiotherapy and photodynamic (PDT). We also offer general skin cancer surgery and specialised Mohs micrographic surgery.

education

Our education division targets a broad audience as listed below:

- registrar and international specialist dermatology training
- clinical updates for consultants
- dermatology nurse education and training
- community skin health
- dermatology condition support groups

research

As one of Australia's leading dermatology centres for skin disorder treatment, education and research, we conduct regular trials, collect clinical data and support projects in other dermatology centres. Our ongoing trials enable us to make significant advancements in skin disorder treatments and patient care.

You must obtain a specialist referral from a qualified medical practitioner before attending the Foundation. Specialist referrals are valid for a period of 3 months. Please note: we are unable to consult without a valid specialist referral.

paying for your consultation

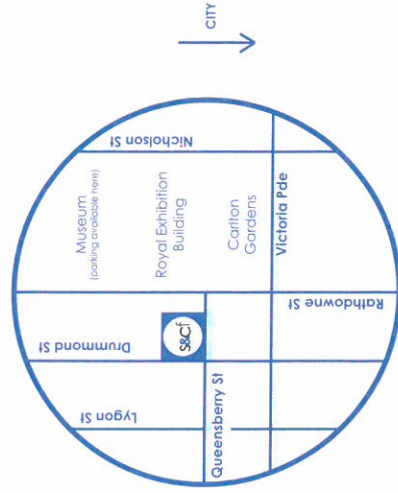

Melanoma surveillance body mapping photography. We ask that you pay immediately after your consultation. We do not bulk bill or mail accounts for medical photography.

Clinical services. Payment of accounts is requested on the day of consultation. Medicare, Pension and other concession cards must be presented when attending all appointments.

where to find us

The Skin & Cancer Foundation Inc is located at Level 1/80 Drummond Street, Carlton, on the corner of Drummond and Queensberry Streets.

You can reach us via bus (from Flinders and Russell Streets), train (Parliament Station) or tram (Victoria Parade); there is meter parking or a carpark at the museum on nearby Rathdowne Street.
